CIN: L85110KA1951PLC000761

- ▶ Total revenue from operations in Q2 of FY 2024–25 is up by 6.4% over the same quarter of previous year.
- ▶ Profit after tax (including exceptional items) stood at 12.2% of the total revenue from operations.

**Bengaluru, India** – Bosch Limited, a leading supplier of technology and services, today posted its total revenue from operations of INR 4,394 crores (478 million euros) in Quarter 2 of FY 2024–25, an increase of 6.4% over the same quarter of last year. This growth is driven by increased sales in passenger cars and off-highway segment, particularly genset applications.

The Profit Before Tax (excluding exceptional items) stood at INR 677 crores (74 million euros) which is 15.4% of the total revenue from operations, an increase of 27.3% over the same quarter of previous year. The Profit Before Tax (including exceptional items) stood at INR 726 crores (79 million euros) which is 16.5% of the total revenue from operations. Exceptional items pertain to the gain on the sale of OE/OES diagnosis business in the current quarter. The Profit After Tax (including exceptional items) stood at INR 536 crores (58 million euros) which is 12.2% of the total revenue from operations.

“Despite unpredictable rainfall and several macroeconomic factors affecting the automotive industry's overall performance this quarter, we showcased our capacity to adapt to changing market demands and provide high-quality solutions that align with our customers' needs.” said Guruprasad Mudlapur, President of the Bosch Group, India, and Managing Director, Bosch Limited.

### **Snapshot of performance in Quarter 2**

Overall product sales of the automotive segment have increased by 6.7% compared to the same quarter of the previous year. The Power Solutions business, which constitutes 73% of the overall automotive product sales, grew by 5.7% over the same quarter of previous financial year, driven by increased sales in passenger cars segment, genset applications and higher exports.

The Mobility Aftermarket business grew by 8.8% compared to the same quarter of last year on account of increased market demand for lubricants and diesel components.

The Beyond Mobility business recorded a 13.8% increase in net sales over the same quarter of the previous financial year, driven by continued growth in the Power Tools and Security Technologies segment.

“We anticipate sustained demand across segments driven by the festive period in the next quarter. Coupled with investments in advanced technologies and a strong commitment to localization, Bosch Limited will continue to deepen its efforts in high growth areas and develop further capabilities to cater to an ever-evolving mobility landscape.” adds Mudlapur.

*The Bosch Group is a leading global supplier of technology and services. It employs roughly 429,000 associates worldwide (as of December 31, 2023). The company generated sales of 91.6 billion euros in 2023. Its operations are divided into four business sectors: Mobility, Industrial Technology, Consumer Goods, and Energy and Building Technology. With its business activities, the company aims to use technology to help shape universal trends such as automation, electrification, digitalization, connectivity, and an orientation to sustainability. In this context, Bosch’s broad diversification across regions and industries strengthens its innovativeness and robustness. Bosch uses its proven expertise in sensor technology, software, and services to offer customers cross-domain solutions from a single source. It also applies its expertise in connectivity and artificial intelligence in order to develop and manufacture user-friendly, sustainable products. With technology that is “Invented for life,” Bosch wants to help improve quality of life and conserve natural resources. The Bosch Group comprises Robert Bosch GmbH and its roughly 470 subsidiary and regional companies in over 60 countries. Including sales and service partners, Bosch’s global manufacturing, engineering, and sales network covers nearly every country in the world. Bosch’s innovative strength is key to the company’s further development. At 136 locations across the globe, Bosch employs*

some 90,000 associates in research and development, of which nearly 48,000 are software engineers.

*The company was set up in Stuttgart in 1886 by Robert Bosch (1861–1942) as “Workshop for Precision Mechanics and Electrical Engineering.” The special ownership structure of Robert Bosch GmbH guarantees the entrepreneurial freedom of the Bosch Group, making it possible for the company to plan over the long term and to undertake significant upfront investments in the safeguarding of its future. Ninety-four percent of the share capital of Robert Bosch GmbH is held by Robert Bosch Stiftung GmbH, a charitable foundation. The remaining shares are held by Robert Bosch GmbH and by a corporation owned by the Bosch family. The majority of voting rights are held by Robert Bosch Industrietreuhand KG. It is entrusted with the task of safeguarding the company’s long-term existence and in particular its financial independence – in line with the mission handed down in the will of the company’s founder, Robert Bosch.*
